## **EXECUTIVE SUMMERY**

The project has based on their re-organisation of the needs for youths, orphans, vulnerable children living with HIV/AIDS to give them basic skills to open up the mind-sets concerning new ways of self-reliance and destroying the fear to experiment with nature.

The project will teach a community how to overcome poverty through survival skills for those children will need to understand the real root problem of poverty and how to eradicate it through using the hand and electrical tools which will be donated at the centre.

The project has engaged the former instructor retiree from the Ministry of Community Development, Mother Child and Health as the instructor for carpentry and joinery.

## **Mission Statement**

To be effective, efficiency and transparent pioneers in the provisions of self-employment, training skills, income generating and improve literacy levels among youths in the county and in Likoni Area in particular.

**VISION:** Hope for hope wishes to see a community were people became part of gender aimed at improving the living standards of youths and families of local community enabling them to exploit their full potential of becoming independent valued members of the society assumed sustainable improved quality lives.

## **CORE VALUES:**

**UNITY:** We value our unity and respect one another gender traditions, history, culture and are committed to work with all interested community groupings including churches. We are committed to conduct ourselves properly, and with integrity.

**WORK THROUGH SERVICE:** We value our work concretely expressed through service to the vulnerable of our work is more driven culturally pensive and relevant, focused sustainable.

## **AIM OF THE PROJECT**

### **PROJECT PURPOSE**

- The general purpose of the project is to improve the livelihood of the young people out of school. This will be done through acquisition of life skills to enable the young to engage in meaningful activities of economic value and job creation.
- To intimidate alcohol, drug abuse and income gaps in their homes.
- To reduce unemployment among the youths
- To empower the trainees with some equipment's and start-up capital after graduations.

## **PROJECT OBJECTIVES/ACTIVITIES**

### **OBJECTIVES**

- To train youths each year in carpentry and tailoring.
- To empower trainees with carpentry tools after each training course.
- To promote self-reliance among youth trainees.
- To facilitate change of behaviours amongst the youth trainees as to contribute to prevention of further spread of HIV/AIDS.
- To create self-employment for trainees.
- To promote entrepreneurship skills

### **ACTIVITIES**

- Hold theory classes for both carpentry and joinery.
- Source and procure skills training materials.
- Make table's chairs, doors, coffins, display cabins, beds, pieces of furniture, desks and roof construction etc.
- Hold evaluation meetings with instructors by the end of the training
- The students will also be involved into sports activities such as football, volleyball, netball, athletics etc.

## **BENEFICIARIES**

### **Direct Beneficiaries**

The direct beneficiaries will be the youths

**Indirect Beneficiaries** The indirect beneficiaries will include the families of trained students, the community members in our coverage area when buying the made products and the area as whole.

## **PROJECT SUSTAINABILITY**

**Empowerment;** the project management intends to be giving an assistance of carpentry tools and as a loan to each completion of the course. These will enable trained students to start their own project and other business so as to let them make their needs meet and have a good sound lively hood because they will be self-sustained and these will reduce perpetual dependence and indulging in other evil activities among the youths.

## **MONITORING AND EVALUATIONS**

The project has the goal and the purpose outputs, inputs activities outlined on the vertical axis and objectively verifiable indicators, means of verification and assumptions in horizontal axis.

Participatory monthly and quarterly monitoring, meeting shall be conducted involving all association members and volunteers working at the centre after each year of operations there will be evaluation. And it shall involve external evaluators. As much as possible community members will be involved in evaluation. Their criticisms comments and views on the project will be considered to help them see that they part of the solution to the problems of HIV/IADS in general, unemployment, increasing number of Orphans, Vulnerable children (OVCs) and youths in particular. The project chairperson will compile narrative statistical monthly reports and submit to the management and the donors.

## **RISK ASSESSMENT AND MITIGATION**

### **RISKS**

- Poor management
- Misapplication of finances
- Shortages of funds and resources to continue sustaining the operation of the project.
- Miss use of carpentry tools.
- Being removed from the site.
- Not legally registered as independent body.
- Sale goods on credits.

### **MITIGATION OF RISKS**
